SUBJECT: Insurance Database Change – Effective January 1, 2012

Recent updates to the DMV Rules and Regulations governing the Motor Vehicle Insurance Database (Title 247, Chapter 15) change the insurance company reporting requirements from a monthly process to a bi-monthly process effective January 1, 2012.

Beginning on January 1, 2012, the required insurance data shall be reported twice monthly, to the DMV, between the first (1st) and third (3rd) working days and between the eleventh (11th) and thirteenth (13th) working days.

The revised Rules and Regulations may be found online at <http://www.sos.ne.gov/rules-and-regs/regtrack/proposals/000000000000984.doc>.

Updates to reflect this change have been made to the Nebraska Insurance Reporting Guide, available online at: http://www.dmv.ne.gov/dvr/ins_index.html.
